Profile Statement:

As a former tax auditor, I bring an auditor's attention to detail to web development and all projects I am given. Working with cars is my hobby but I find my ability to disassemble and reassemble complex machinery translates to how I approach new challenges.

Skills:

Development Tools: HTML, CSS, JavaScript, React, Node.js, Express, MongoDB, Python, NGNX

Experience:

Ecor Ventures, Austin *Software Engineer* (February 2018 - May 2018)

- Helped design and develop websites using HTML, CSS, JavaScript, Vue.js, NGN.
- Collaborated closely with other team members to plan, design, and develop robust solutions.
- Interacted with client CEO and other board members, developers, technical support, and sales staff to determine optimal specifications.

General Assembly, Austin *Web Development Immersive Fellow* (September 2017 - December 2017)

- Three-month full-time boot camp covering: Node.js, React, MongoDB, HTML/CSS.

Texas Spokes Sports Car Club *Treasurer* (August 2015 – December 2017)

- Developed and implemented internal controls for cash entry fees for each autocross event. Implemented mandatory reimbursement procedures for purchases made by other board members.

Freemon, Shapard, & Story, CPAs *Associate Accountant* (December 2016 - June 2017)

- Prepared federal and state tax returns and extensions for all business types and individuals. Produced work papers to document information authenticating numbers on the finalized tax returns. Assisted with any and all Texas Sales and Use tax questions from clients and co-workers.

Scalco, Johnson, Leahy & Dudek CPAs PLLC *Associate Accountant* (June 2015 - December 2016)

- Lead Sales and Use tax associate, fielding questions from all associates and partners of the firm. Prepared federal and state tax returns and extensions for all business types and individuals. Created work papers that show flow of information backing up and confirming numbers on the finalized tax returns.
